Financial Options for IVF

Take the financial risk out of trying! IVF can take several attempts before a successful outcome is realized. You may wonder how you can pay for that, or how you can preserve your resources for other options such as adoption if you are not successful with IVF treatment. IntegraMed® has a solution to help you do just that!

The Attain™ IVF Program (formerly known as the IntegraMed® Shared Risk® Refund Program) is a multi-cycle treatment package with a refund guarantee. Pay for about two stimulated IVF cycles upfront and get up to 3 stimulated IVF cycles and unlimited frozen embryo transfers. If you do not take a baby home from the hospital, the Program offers a refund of up to 70% of the fee paid to IntegraMed!

Treatment	Fee Age < 35	Fee Age 35 – 37 years

Program Benefits: Why are our Programs a good option for you?

Maximize your chance of success! Successful treatment means having a baby. While advances in the field have greatly increased the probability of having a baby, there is no guarantee that treatment will result in a baby every time. In fact, the reality is that *approximately 60% of patients under 35 years of age will need to go to a second cycle, or more.*

Money-Back Guarantee! In the Attain IVF Program, if you do not take a baby home from the hospital, we'll give you the majority of your money back! Our Program can help you preserve your resources for other family building options if you are not successful with IVF treatment.

Invest your money safely! Our refund guarantee makes the Attain IVF Program the safest way to pay for IVF treatment. Minimize your financial risk - bring home a baby or get the majority of your money back.

Flexibility! At IntegraMed, we understand that personal situations can change. It is impossible to plan for unforeseen scenarios in the future. Our Program allows for you to withdraw at any time between cycles and receive the refund.
